REGISTRATION FEE

Category of Participants	Amount
Industry	Rs. 1500
Faculty	Rs. 1000
Full time Research Scholars	Rs. 800

The registration fee can be paid through cheque / DD in favor of Aurora's PG College (MBA), Uppal.

Time & Venue

The Faculty Development Program will be conducted during April 18 - April 23, 2022.

The lecture presentations are scheduled in two sessions:

Pre lunch session - 10.00 am - 01.00 pm

Post lunch session - 02.00 pm - 04.30 pm

The workshop will be organized at the Seminar Hall of Aurora's PG College (MBA), Uppal.

Institution

Aurora's PG College (MBA), Peerzadiguda, Uppal, Hyderabad, established in the year 1996, is a part of the prestigious Aurora Group of Institution and has grown into a premier educational institution over the years. The college is known for establishing unique traditions in every aspect of its functioning. Aurora nurtures a knowledge culture to make itself "Synonymous with Learning". Its mission has been to serve the nation as a Centre for advancement, preservation and dissemination of knowledge. It aims to endow its staff and students with a perfect synthesis of human values, ancient wisdom and modern thought, thus ensuring that when they step into the fiercely competitive and technologically advanced world, they don't turn into mere automations but retain their sense of self as a direct result of what they have learnt with us.

Faculty Development Program

Preamble

IAs educators, our mission is to inspire and empower students to reach their full potential. By embracing innovative teaching strategies, we can create an engaging, inclusive, and effective learning environment. This Faculty Development Program will focus on equipping faculty with practical skills and knowledge to implement innovative teaching methods, fostering a culture of excellence in education.

Backdrop

In an ever-evolving educational landscape, faculty members face the challenge of engaging diverse learners and adapting to new technologies and pedagogical approaches.

Innovative teaching strategies are essential for fostering critical thinking, collaboration, and lifelong learning among students.

This program aims to equip faculty with the necessary tools and techniques to enhance their teaching practices and respond to the dynamic needs of their students.

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

Methodology of FDP

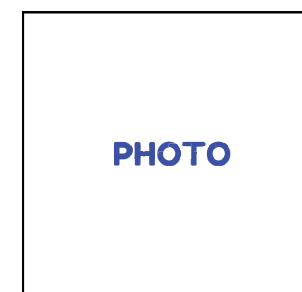

The Faculty Development Program (FDP) enhances teaching, research, and tech alignment through interactive workshops, practical training, and hands-on exercises. It features case studies, simulations, and expert lectures to keep faculty updated on industry trends and technologies. The program includes curriculum design workshops, technology training, collaborative projects, and peer reviews. Support for research and access to professional development resources are provided, with regular evaluations and feedback ensuring the program's relevance and effectiveness.

Objectives of the FDP

- Enhance Teaching Effectiveness: Equip faculty with diverse, evidence-based teaching strategies that promote active learning and student engagement.
- Foster Inclusivity: Encourage the adoption of inclusive practices that address the varied needs of all students, ensuring equitable learning opportunities.
- Integrate Technology: Provide insights into the effective use of technology to enhance teaching and facilitate collaborative learning.
- Promote Continuous Improvement: Encourage a mindset of lifelong learning among faculty, inspiring them to experiment with and reflect on new teaching methods.
- Build a Community of Practice: Establish a supportive network where faculty can share experiences, challenges, and successes in implementing innovative teaching strategies.

Major Topics

- Active Learning Techniques
- Overview of active learning principles
- Practical applications: case studies, simulations, and interactive exercises
- Leveraging Technology for Teaching
- Tools and platforms for enhancing classroom experiences
- Integrating multimedia and digital resources into the curriculum

Faculty Development Program

Theme: **Innovative Teaching Strategies**

Dates: 18-04-2022 to 23-04-2022

Venue: Aurora's PG College (MBA) Uppal, Hyderabad

Objectives of the FDP

- Equip faculty with diverse, evidence-based teaching strategies that promote active learning and student engagement.
- Encourage the adoption of inclusive practices that address the varied needs of all students, ensuring equitable learning opportunities.
- Provide insights into the effective use of technology to enhance teaching and facilitate collaborative learning.
- Encourage a mindset of lifelong learning among faculty, inspiring them to experiment with and reflect on new teaching methods.
- Establish a supportive network where faculty can share experiences, challenges, and successes in implementing innovative teaching strategies.

Major Topics

1. Active Learning Techniques

Active Learning Techniques are teaching strategies that engage students directly in the learning process, encouraging them to actively participate rather than passively absorb information.

1. **Think-Pair:** This technique encourages individual thinking followed by collaborative discussion.
2. **Problem-Based Learning (PBL):** Students are presented with complex, real-world problems that require critical thinking and collaboration to solve.
3. **Jigsaw:** In this technique, each student is assigned a portion of the content to learn.

2. Case Study Methodology, Simulations, Interactive Exercises

1. Developing Case Studies for Classroom Use.
2. Facilitating Case-Based Discussions: Techniques and Best Practices.
3. Evaluating Student Learning through Case Analysis.

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

4. Integrating Local and Global Case Studies for Real-World Relevance
5. Introduction to Simulations: Types, Tools, and Applications.
6. Building Custom Simulations for Subject-Specific Learning.
7. Business and Management Simulations to Foster Decision-Making Skills.
8. Learning Outcomes in Simulation-Based Teaching.
9. Role-Playing for Experiential Learning in Complex Scenarios.
10. Gamification: Enhancing Engagement through Rewards and Challenges.
11. Collaborative Problem-Solving Activities for Team Skill Development.
12. Hands-On Workshops: Bridging Theory and Practice.
13. Classroom Simulations of Negotiation and Conflict Resolution.

3. Leveraging Technology for Teaching

Learning Management Systems (LMS): Platforms like Moodle, Canvas, and Google Classroom for managing courses, resources, and assessments. Centralized communication between teachers and students.

Interactive Teaching Tools: Tools like Kahoot!, Quizizz, and Mentimeter for interactive quizzes and real-time polling. Interactive whiteboards and touch screens to enhance engagement.

Online Assessment and Feedback: Tools like Socrative, GradeScope, and Google Forms for conducting quizzes and collecting data. Automated grading and analytics for tracking performance.

4. Tools and platforms for enhancing classroom experiences

Video-Based Learning Tools: Creating Engaging Video Lessons with Edpuzzle and Loom. Interactive Video Platforms like Flipgrid. Video Conferencing Tools for Live Classes: Zoom, MS Teams, Google Meet.

Content Creation and Curation Tools: Tools for Designing Infographics and Posters: Canva, Piktochart. Animation Tools for Classroom Explainers: Powtoon, Animaker. Curating Digital Content with Wakelet and Symbaloo.

Collaboration Tools for Group Activities Platforms for Collaborative Learning: Padlet, Miro, Jamboard. Using Google Workspace Tools (Docs, Sheets, Slides) for Team Projects. Virtual Collaboration with Microsoft Teams and Slack. Facilitating Peer Reviews and Group Discussions Online.

5.Integrating multimedia and digital resources into the curriculum

Multimedia Content Delivery

- Interactive Videos: Use platforms like YouTube, Edpuzzle, and Khan Academy to deliver video-based lessons enriched with quizzes and annotations.
- Infographics and Visual Aids: Create and use tools like Canva or Piktochart to simplify complex concepts.
- Audio Resources: Incorporate podcasts or audio lectures to cater to auditory learners.

Digital Textbooks and E-Resources

- E-Books and Journals: Provide access to digital libraries and open educational resources (OERs).
- Interactive E-Books: Use platforms like VitalSource or Kotobee for books with embedded multimedia elements.
- Digital Course Packs: Curate customized digital materials aligned with course objectives.

Program Schedule

Day	Time	Topic	Resource Person
18-04-2022	10.00 AM - 12.00 PM	Inaugural Session	
	01.00 PM - 04.30 PM	The FDP session on active learning highlighted its significance as an instructional strategy that actively involves students in their learning journey. It emphasized techniques like group problem-solving, peer teaching, debates, and hands-on activities to foster critical thinking and collaboration. The session underlined the value of applying concepts in real-world contexts and leveraging interactive technologies to enhance student engagement, understanding, and retention.	Dr. N. Srinivas, (Professor)  DIRECTOR

<p>19-04-2022</p>	<p>10.00 AM - 04.30 PM</p>	<p>The morning session focused on leveraging digital tools for teaching and learning, introducing Learning Management Systems (LMS) like Moodle, Canvas, and Google Classroom for centralized course management and communication. Participants learned how to use these platforms to streamline course delivery and enhance interaction with students. In the afternoon, the session explored interactive teaching tools such as Kahoot!, Quizizz, and Mentimeter to engage students through quizzes and live polls. It also covered online assessment platforms like Socrative and GradeScope, emphasizing their use for automated grading, analytics, and providing data-driven insights for effective feedback.</p>	<p>Dr. N. Subash (Professor)</p>
<p>20-04-2022</p>	<p>10.00 am - 04.30 pm</p>	<p>The morning session focused on the role of simulations in education as immersive tools for bridging theory and practice. Participants explored different types of simulations, including role-playing for developing decision-making and interpersonal skills, as well as virtual simulations using tools like Labster and VR platforms. In the afternoon, the session delved into scenario-based simulations for complex problem-solving, emphasizing the benefits of simulations such as enhanced student engagement, practical skill development, and a safe environment for</p>	<p>Dr. N. Srinivas, (Professor)</p>  <p>DIRECTOR</p>

		experimentation. Participants learned how simulations foster critical thinking and hands-on learning across diverse educational fields.	
21-04-2022	10.00 AM - 04.30 PM	The morning session focused on strategies for facilitating case discussions, emphasizing the importance of setting clear objectives and using engaging case materials. Participants learned techniques for framing discussions, encouraging diverse perspectives, and creating a supportive environment for collaborative learning. In the afternoon, the session delved into deeper techniques for guiding analytical conversations, such as using open-ended questions to deepen analysis. Participants explored the facilitator's role in synthesizing key insights and connecting them to theoretical concepts, ensuring that discussions lead to meaningful and actionable learning outcomes.	Dr. N. Subash (Professor)
22-04-2022	10.00 AM - 04.30 PM	The morning session focused on strategies for assessing student outcomes from case studies and simulations. Participants explored how to align assessments with clear, measurable objectives and how to use rubrics to evaluate key skills such as critical thinking, problem-solving, teamwork, and communication. In the afternoon, the session highlighted the importance of deliverables like reports, presentations,	Dr. N. Srinivas, (Professor)  DIRECTOR

		and reflections to capture students' thought processes. Participants also discussed performance metrics for simulations, including decision accuracy and protocol adherence, and learned how to incorporate self-assessment and peer feedback to foster reflective learning.	
23-04-2022	10.00 AM - 04.00 PM	On 6th day the morning session on interdisciplinary teaching approaches emphasized designing case studies and simulations that merge concepts from multiple disciplines. Participants explored ways to tackle complex real-world issues, such as sustainability and healthcare, while fostering holistic and collaborative thinking. In the afternoon, the session highlighted the importance of collaboration among educators from different fields to create narratives that incorporate diverse perspectives and subject expertise. Participants learned how this approach helps students develop a comprehensive understanding and strong problem-solving skills across disciplines.	Dr. N. Subash (Professor)
	04.00 PM - 05.00PM	Valedictory	

DIRECTOR

Resource Persons

Dr. Subash (Professor): Dr. Subash has been instrumental in designing and delivering FDPs that cater to diverse academic disciplines, empowering educators to adapt to the rapidly changing educational landscape. His sessions are highly appreciated for their relevance, clarity, and practical utility, leaving a lasting impact on participants. He remains committed to nurturing a culture of lifelong learning and excellence in teaching, making him an invaluable resource person for FDPs.

Dr. N. Srinivas (Professor): Professor N. Srinivas is a prominent academician and thought leader in the field of Management, with extensive expertise in areas such as [mention specialization, e.g., Strategic Management, Organizational Behavior, Marketing Analytics, Leadership Development]. With academic and industry experience, Dr. Srinivas has been instrumental in bridging the gap between theoretical frameworks and practical applications in management education.

ACTIVITY REPORT

Name of the Activity	FDP on Innovative Teaching Strategies	
Type of Activity	Faculty Development Program	
Date and Time of Activity	From: 18-04-2022 to	To: 23-04-2022
Details of Participants	MBA & MCA Faculty participated	
In Association with (if any)	R&D	
Description	<p>Aurora's PG College (MBA) successfully conducted a Faculty Development Program (FDP) on Innovative Teaching Strategies for MBA and MCA faculty from April 18 to 23, 2022. This six-day program aimed to enhance participants' teaching effectiveness, fostering student-centered learning and academic excellence. More than 20 faculty members from diverse institutions participated, engaging in interactive sessions, workshops, and peer discussions.</p> <p>The FDP covered cutting-edge topics, including flipped classrooms, experiential learning, gratification, and technology integration. Expert resource persons from academia and industry shared best practices, case studies, and innovative approaches. Participants gained insights into designing engaging curricula, assessing student learning outcomes, and creating inclusive classroom environments. The program facilitated networking opportunities, promoting collaborative research and teaching excellence.</p> <p>The program's overwhelming success is attributed to Aurora's PG College's meticulous organization. Participants praised the program's relevance, quality, and impact on their teaching methodologies. Key outcomes include enhanced faculty expertise, improved student engagement, and potential research collaborations. This FDP has empowered faculty to integrate innovative teaching strategies into MBA and MCA curricula, enriching students' learning experience and preparing them for the dynamic business and technology landscape. The college plans to conduct similar programs, reinforcing its commitment to faculty development, academic excellence, and industry relevance.</p>

2. MDP on Advanced MS Office Techniques for Management

MANAGEMENT DEVELOPMENT PROGRAMME on **Advanced MS Office Techniques for Management**

ABOUT THE MDP

The MDP focuses on mastering advanced features of tools like Excel, PowerPoint, Word, and Outlook. It enhances skills in data analysis, presentations, document automation, and time management. The programme helps teaching and non-teaching staff to improve efficiency, communication, and decision-making through these tools.

Resource Person

Management Development Program

Theme: **Advanced MS Office Techniques for Management**

Dates: 20-06-2022 to 25-06-2022

Venue: Aurora's PG College (MBA) Uppal, Hyderabad

Objectives of the FDP

- Equip participants with in-depth knowledge of advanced Excel functions, to streamline reporting, data analysis, and decision-making.
- Train participants to design visually engaging and impactful presentations using advanced PowerPoint tools
- Enable participants to leverage Microsoft Teams and Outlook effectively for seamless collaboration, task management, scheduling
- Teach participants how to integrate MS Office tools (Excel, Word, PowerPoint) to automate repetitive tasks
- Provide hands-on training in MS Access to develop databases, manage large datasets, and generate comprehensive reports

Major Topics

1. Advanced Excel Techniques for Data Analysis and Reporting

- Mastering complex formulas and functions (e.g., VLOOKUP, INDEX-MATCH, IF statements)
- Creating and managing Pivot Tables and Pivot Charts for data analysis
- Data visualization using conditional formatting, charts, and graphs
- Automating tasks with macros and VBA (Visual Basic for Applications)
- Advanced data sorting, filtering, and data validation

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

2. Effective PowerPoint Presentations for Managers

- Designing professional and visually appealing slides using advanced tools
- Utilizing animations and transitions to enhance presentations
- Creating custom templates and slide layouts
- Incorporating multimedia elements (videos, audio, and interactive links)
- Best practices for delivering presentations to engage audiences

3. Streamlining Communication and Collaboration with Microsoft Teams and Outlook

- Using Microsoft Teams for team communication, file sharing, and meetings
- Managing calendars, tasks, and scheduling in Outlook efficiently
- Integrating Teams with other MS Office tools for better workflow management
- Setting up and managing collaborative spaces for projects and teams
- Time management and task prioritization using Outlook and Teams

4. Advanced Word Features for Professional Document Management

- Creating and formatting complex business documents (reports, proposals, contracts)
- Utilizing styles, templates, and document collaboration tools
- Automating document creation with mail merge and templates
- Managing references, citations, and indexes for research-based documents
- Advanced table management, document protection, and security features

5. Data Management and Reporting with MS Access

- Introduction to database design and management in MS Access
- Creating relational databases and structuring data for optimal performance
- Generating dynamic reports and queries to extract meaningful insights
- Automating processes within Access using macros and VBA
- Using Access for project tracking and database management in a business environment

Uppal, Hyderabad-500092

Program Schedule

Day	Time	Topic	Resource Person
20-06-2022	10.00 AM - 12.00 PM	Inaugural Session	
	01.00 PM - 04.30 PM	The first day of the program begins with an introduction to the objectives, expected outcomes, and the overall structure of the sessions, followed by icebreaker activities to help participants get acquainted. In the morning, the focus is on advanced Excel techniques, where participants learn complex formulas like VLOOKUP, INDEX-MATCH, and SUMIFS, followed by an introduction to Pivot Tables and Pivot Charts for data analysis. Hands-on exercises help reinforce these concepts with practical data analysis tasks. After lunch, the afternoon session covers data visualization and reporting in Excel, where participants learn to use conditional formatting, graphs, and charts to analyze and present data effectively.	Dr. Shashidhar R
21-06-2022	10.00 AM - 04.30 PM	The morning session covers slide design principles, custom templates, and animations to enhance presentations. Participants engage in hands-on exercises to create templates and add animations. In the afternoon, the focus shifts to visual communication, using SmartArt and infographics, followed by presentation delivery techniques, with practice sessions to refine their presentation skills.	Dr. Shashidhar R  DIRECTOR

22-06-2022	10.00 am - 04.30 pm	Day 3 focuses on enhancing collaboration and communication using Microsoft Teams and Outlook. The morning session covers setting up Teams, managing channels, and collaborating on files, including version control and co-authoring. In the afternoon, participants learn advanced email organization, calendar management, and task tracking in Outlook, with hands-on exercises to improve productivity.	Dr. Shashidhar R
23-06-2022	10.00 AM - 04.30 PM	The morning session covers using styles, themes, and templates for professional documents, followed by collaborative editing techniques and version control. In the afternoon, participants learn about Mail Merge for automating document creation and managing references and citations for research documents. Hands-on exercises reinforce these skills.	Dr. Shashidhar R
24-06-2022	10.00 AM - 04.30 PM	Day 5 focuses on data management and reporting with MS Access. The morning session covers the basics of relational databases, creating and designing databases, and running queries to generate custom reports. In the afternoon, participants learn how to automate processes using macros and VBA, and integrate Access with other MS Office tools like Excel, Word, and PowerPoint to create comprehensive reports. Hands-on exercises provide practical experience.	Dr. Shashidhar R
25-06-2022	10.00 AM - 03.00 PM	Day 6 focuses on reviewing key MS Office tools and integrating them into a	 Dr. Shashidhar R DIRECTOR Aurora's PG College (MBA)

		comprehensive project. The morning session recaps techniques from Excel, PowerPoint, Word, Outlook, and Access, followed by a group activity where participants create a report and presentation using all the tools. In the afternoon, groups present their capstone projects, receive feedback, and participate in a Q&A session. The program concludes with final feedback, distribution of certificates, and closing remarks.	
	03.00 PM - 04.30 PM	Valedictory	

Resource Persons

Dr. Shashidhar R

Dr. Shashidhar R is a seasoned management expert and corporate trainer with over 15 years of experience in leadership development, strategic management, and enhancing business proficiency. Holding a Ph.D. in Management, Dr. Shashidhar specializes in advanced MS Office techniques, leadership focus, and management skills enhancement. He has worked with numerous Fortune 500 companies, empowering executives and managers with the skills to improve productivity, streamline operations, and foster team collaboration.

His expertise includes advanced Microsoft Office tools (Excel, PowerPoint, Word, Outlook), leadership strategies, dynamic leadership development, and effective decision-making frameworks. Known for his engaging and practical training style, Dr. Shashidhar integrates real-world scenarios with theoretical insights, ensuring participants can apply their learning immediately. He is also a popular speaker at national and international conferences, where he shares his expertise on leadership, management, and organizational excellence. His dedication to professional growth makes him a highly sought-after resource person in management development.

3. FDP on Integrating Case Studies and Simulations

Registration Fee

Category of Participants	Amount
Industry	Rs. 1500
Faculty	Rs. 1000
Full time Research Scholars	Rs. 800

The registration fee can be paid through cheque / DD in favor of **Aurora's PG College (MBA), Uppal.**

Time & Venue

The Faculty Development Program will be conducted during September 19 - September 23, 2022.

The lecture presentations are scheduled in two sessions:
Pre lunch session - 10.00 am - 01.00 pm
Post lunch session - 02.00 pm - 04.30 pm

The workshop will be organized at the Seminar Hall of Aurora's PG College (MBA), Uppal.

Department of Business Management

Venue

Seminar Hall, Aurora's PG College (MBA)
Uppal, Hyderabad

Institution

Aurora's PG College (MBA), Peerzadiguda, Uppal, Hyderabad, established in the year 1996, is a part of the prestigious Aurora Group of Institution and has grown into a premier educational institution over the years. The college is known for establishing unique traditions in every aspect of its functioning. Aurora nurtures a knowledge culture to make itself "Synonymous with Learning". Its mission has been to serve the nation as a Centre for advancement, preservation and dissemination of knowledge. It aims to endow its staff and students with a perfect synthesis of human values, ancient wisdom and modern thought, thus ensuring that when they step into the fiercely competitive and technologically advanced world, they don't turn into mere automations but retain their sense of self as a direct result of what they have learnt with us.

Faculty Development Program

Preamble

In today's complex educational environment, traditional teaching methods alone may not suffice to prepare students for the challenges they will face in their careers. By utilizing case studies and simulations, educators can create immersive learning experiences that encourage active participation and deep understanding.

This program seeks to empower faculty to design and implement these innovative strategies, enriching both their teaching and their students' learning experiences.

Backdrop

As higher education increasingly prioritizes experiential learning, integrating case studies and simulations into the curriculum has become essential.

These methods foster critical thinking, problem-solving, and collaborative skills, enabling students to apply theoretical knowledge in real-world contexts.

This Faculty Development Program aims to equip educators with the strategies and tools needed to effectively incorporate case studies and simulations into their teaching practices..

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

Methodology of FDP

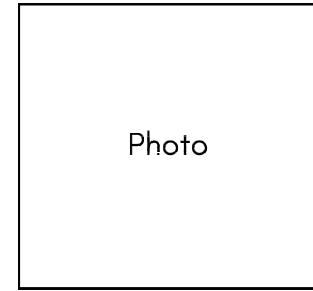

The Faculty Development Program (FDP) enhances teaching, research, and tech alignment through interactive workshops, practical training, and hands-on exercises. It features case studies, simulations, and expert lectures to keep faculty updated on industry trends and technologies. The program includes curriculum design workshops, technology training, collaborative projects, and peer reviews. Support for research and access to professional development resources are provided, with regular evaluations and feedback ensuring the program's relevance and effectiveness.

Objectives of the FDP

- Enhance Teaching Skills: Equip faculty with the knowledge and skills to effectively design and implement case studies and simulations in their courses.
- Promote Active Learning: Foster student engagement and participation through experiential learning methods that bridge theory and practice.
- Develop Critical Thinking: Encourage the cultivation of critical thinking and problem-solving skills through real-world scenarios and hands-on experiences.
- Facilitate Interdisciplinary Collaboration: Highlight the potential for case studies and simulations to promote interdisciplinary learning and collaboration among faculty.

Major Topics

- Overview of current industry trends relevant to Designing Effective Case Studies
- Principles of case study development
- Aligning cases with learning objectives and outcomes
- Types of Simulations and Their Applications
- Overview of various simulation formats (role-play, virtual environments, etc.)
- Best practices for selecting and implementing simulations

Faculty Development Program

Theme: **Integrating Case Studies and Simulations**

Dates: 19-09-2022 to 23-09-2022

Venue: Aurora's PG College (MBA) Uppal, Hyderabad

Objectives of the FDP

- Enhance Teaching Skills: Equip faculty with the knowledge and skills to effectively design and implement case studies and simulations in their courses
- Promote Active Learning: Foster student engagement and participation through experiential learning methods that bridge theory and practice.
- Develop Critical Thinking: Encourage the cultivation of critical thinking and problem solving skills through real-world scenarios and hands-on experiences.
- Facilitate Interdisciplinary Collaboration: Highlight the potential for case studies and simulations to promote interdisciplinary learning and collaboration among faculty

Major Topics

Overview of Current Industry Trends Relevant to Designing Effective Case Studies

This topic focuses on understanding the latest industry trends and challenges that can inform the creation of impactful case studies. Participants explore evolving business landscapes, technological advancements, and emerging issues like sustainability and global supply chain management. By staying updated on these trends, educators can design case studies that mirror real-world scenarios, ensuring students develop practical problem-solving skills relevant to current industry demands.

Principles of Case Study Development

This session delves into the core principles of crafting effective case studies. It emphasizes identifying key learning objectives, creating realistic scenarios, and incorporating data that engages and challenges learners. Participants learn to frame case studies in ways that encourage critical thinking, analysis, and decision-making, while ensuring the narrative aligns with academic goals and professional relevance.

Aligning Cases with Learning Objectives and Outcomes

This topic explores the process of linking case studies to specific educational objectives. Participants learn to define clear outcomes—such as developing analytical skills, understanding theoretical concepts, or fostering collaboration—and ensure that the case study's structure, content, and assessment align with these goals. Emphasis is placed on designing cases that not only enhance knowledge but also promote skills essential for real-world applications.

DIRECTOR

Aurora's PG College (MBA)

Uppal, Hyderabad-500092

Types of Simulations and Their Applications

Participants gain insight into the various types of simulations used in education, including role-play scenarios, virtual simulations, and scenario-based learning. Each format is discussed in terms of its unique benefits and applications in different fields, such as using role-play for leadership training, virtual simulations for medical procedures, or scenario-based exercises for crisis management.

Overview of Various Simulation Formats (Role-Play, Virtual Environments, etc.)

This session provides an in-depth look at simulation formats and how they replicate real-world conditions. Role-playing allows learners to practice decision-making and interpersonal skills, while virtual environments use tools like VR to offer immersive experiences. Participants explore the features, benefits, and limitations of each format, gaining a comprehensive understanding of how to choose the right simulation for their teaching objectives.

Best Practices for Selecting and Implementing Simulations

This topic highlights strategies for effectively integrating simulations into the learning process. Participants learn how to select simulations that align with course objectives, design realistic scenarios, and manage logistics such as setup, technology requirements, and assessment. Best practices for fostering engagement, providing clear instructions, and debriefing learners after the simulation are also covered, ensuring impactful and meaningful learning experiences.

		Afternoon Session: Emphasis was placed on the collaboration between educators from diverse fields to create realistic, well-rounded case studies. Practical guidance was provided on incorporating various methodologies and perspectives to help students develop holistic problem-solving skills and a broader understanding of global challenges.	Dr. S. Jayadev Reddy (Professor)
	04.00 PM - 05.00 PM	Valedictory	

Resource Persons

Dr. Gopal Sharma (Professor)

Dr. Gopal Sharma is a distinguished Professor of Management with over 15 years of experience in academia, research, and industry. His expertise lies in Strategic Management and Organizational Behavior, where he has made significant contributions through his research on leadership development, organizational change, and the integration of case studies in management education. Dr. Sharma holds a Ph.D. in Management and has worked extensively to develop case study methodologies that link theoretical knowledge with real-world business challenges. His teaching approach emphasizes fostering critical thinking and decision-making skills among students through case-based learning. With his experience in working across various industries, Dr. Sharma has been instrumental in designing simulations and case studies that enhance students' practical skills and prepare them for leadership roles. His work also extends to promoting interdisciplinary teaching approaches, enabling students to think holistically about global business challenges and solutions.

Dr. S. Jayadev Reddy (Professor)

Dr. S. Jayadev Reddy is a highly respected Professor of Management specializing in Operations Management, Business Analytics, and Decision Sciences. With over two decades of experience in both academic and corporate settings, Dr. Reddy has a deep understanding of how to apply analytical techniques in case studies and simulations to enhance learning outcomes. His research and teaching

S. Jayadev Reddy
DIRECTOR

focus on dynamic business systems, risk analysis, and data-driven decision-making. He has contributed extensively to developing interdisciplinary case studies, particularly in areas like supply chain management and business operations. Dr. Reddy's expertise in simulation tools has helped shape the learning experience for students, offering them practical insights into managing complex business scenarios. His commitment to blending theory and practice allows students to develop robust problem-solving and analytical skills, preparing them for the challenges of the modern business world.

ACTIVITY REPORT

Name of the Activity	FDP on Integrating Case Studies and Simulations	
Type of Activity	Faculty Development Program	
Date and Time of Activity	From: 19-09-2022	To: 23-09-2022
Details of Participants	MBA Faculty participated	
In Association with (if any)	R&D	
Description	<p>Aurora's PG College (MBA) successfully conducted a 5-day Faculty Development Program (FDP) on Integrating Case Studies and Simulations for MBA and MCA faculty from September 19 to 23, 2022. The program aimed to enhance participants' expertise in using case studies and simulations to foster experiential learning, critical thinking, and decision-making skills.</p> <p>The FDP covered essential topics, including case study design, simulation-based learning, industry applications, and assessment strategies. Expert resource persons from academia and industry led interactive sessions, workshops, and group discussions. Participants gained hands-on experience with simulation tools and developed case studies relevant to their curriculum, enabling effective teaching and learning outcomes.</p> <p>The program's success is attributed to Aurora's PG College's meticulous organization. Participants praised the program's relevance, quality, and impact on their teaching methodologies. Key outcomes include enhanced faculty expertise, improved course design, and potential research collaborations. This FDP has empowered faculty to integrate case studies and simulations into MBA curricula, enriching students' learning experience and preparing them for real-world business and technology challenges. The college plans to conduct similar programs, reinforcing its commitment to faculty development, academic excellence, and industry relevance.</p>

Uppal, Hyderabad

Institution

Aurora's PG College (MBA), Peerzadiguda, Uppal, Hyderabad, established in the year 1996, is a part of the prestigious Aurora Group of Institution and has grown into a premier educational institution over the years. The college is known for establishing unique traditions in every aspect of its functioning. Aurora nurtures a knowledge culture to make itself "Synonymous with Learning". Its mission has been to serve the nation as a Centre for advancement, preservation and dissemination of knowledge. It aims to endow its staff and students with a perfect synthesis of human values, ancient wisdom and modern thought, thus ensuring that when they step into the fiercely competitive and technologically advanced world, they don't turn into mere automations but retain their sense of self as a direct result of what they have learnt with us.

Faculty Development Program

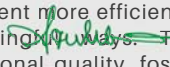

Preamble

In the evolving landscape of education, empowering educators with the latest tools and techniques is crucial for fostering student success and academic excellence. This Faculty Development Program (FDP) focuses on equipping faculty members with practical skills, innovative tools, and effective techniques that can enhance teaching methodologies, promote active learning, and boost student engagement. By staying updated with modern educational practices, faculty can better address diverse learning needs and elevate the overall learning experience.

Backdrop

As teaching and learning environments become more dynamic, faculty members must adapt to new pedagogical approaches and technological tools to remain effective. Whether it's harnessing digital platforms, employing interactive teaching strategies, or adopting data-driven techniques to assess student progress, educators need continuous professional development.

This FDP offers a hands-on exploration of various teaching tools and techniques, ranging from digital innovations to creative classroom strategies, empowering faculty to deliver content more efficiently and engage students in meaningful ways. The program aims to enhance instructional quality, foster creativity, and cultivate a culture of continuous improvement in education.

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

Methodology of FDP

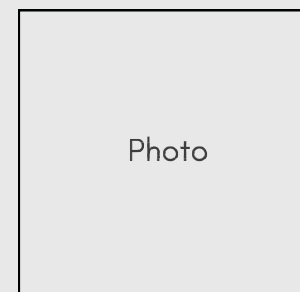

The Faculty Development Program (FDP) for MCA educators enhances teaching, research, and tech alignment through interactive workshops, practical training, and hands-on exercises. It features case studies, simulations, and expert lectures to keep faculty updated on industry trends and technologies. The program includes curriculum design workshops, technology training, collaborative projects, and peer reviews. Support for research and access to professional development resources are provided, with regular evaluations and feedback ensuring the program's relevance and effectiveness.

Objectives of the FDP

- Develop and refine the skills necessary to succeed in a given area or field.
- Team-building exercises, collaborative problem-solving, and conflict resolution strategies.
- Mindfulness practices, adaptive strategies, and flexibility exercises.
- Brainstorming tools, design thinking frameworks, and creative software.
- Keep up with new tools and techniques that may further enhance empowerment.

Major Topics

- Encouraging the use of online platforms, tutorials, and educational resources for continuous learning.
- Obtaining credentials that validate expertise and enhance career prospects
- Streamlining processes to improve efficiency and reduce manual effort.
- Methods for generating new ideas and solutions (e.g., mind mapping, group brainstorming sessions).

Faculty Development Program

Theme: **Empowerment with Tools & Techniques**

Dates: 17-10-2022 to 22-10-2022

Venue: Aurora's PG College (MBA) Uppal, Hyderabad

Objectives of the FDP

- Develop and refine the skills necessary to succeed in a given area or field
- Team-building exercises, collaborative problem solving, and conflict resolution strategies.
- Mindfulness practices, adaptive strategies, and flexibility exercises.
- Brainstorming tools, design thinking frameworks, and creative software.
- Keep up with new tools and techniques that may further enhance empowerment.

Major Topics

1. Encouraging the Use of Online Platforms, Tutorials, and Educational Resources for Continuous Learning

This topic focuses on fostering a culture of lifelong learning by integrating online platforms, tutorials, and educational resources into daily teaching and professional practices. Participants will explore how platforms such as Coursera, edX, LinkedIn Learning, and others can help faculty stay up-to-date with the latest trends in education and management. The session will provide insights into how educators can use these resources to develop expertise, broaden knowledge, and enhance teaching practices. The aim is to encourage continuous professional development and ensure educators remain at the forefront of their fields.

2. Obtaining Credentials that Validate Expertise and Enhance Career Prospects

The importance of credentials in validating expertise and enhancing career opportunities is central to this topic. This session will guide participants on how to obtain certifications, badges, or advanced degrees that not only improve personal and professional development but also open doors to new opportunities. It will emphasize the role of recognized certifications in teaching, business, and

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

technology sectors, showcasing how they contribute to career growth. Moreover, this session will address the emerging trend of micro-credentials and their role in continuously evolving industries.

3. Streamlining Processes to Improve Efficiency and Reduce Manual Effort

Streamlining processes in education and business operations is a critical skill for modern educators and professionals. This session will focus on how to utilize digital tools, automated systems, and efficient workflows to reduce time-consuming manual tasks. Participants will explore methods for optimizing administrative processes, student assessment management, grading, and communication. The session will highlight tools like Learning Management Systems (LMS), project management software, and other productivity tools that help improve efficiency, increase engagement, and create more time for meaningful interactions in the classroom.

4. Methods for Generating New Ideas and Solutions (e.g., Mind Mapping, Group Brainstorming Sessions)

Innovative problem-solving is essential in both academia and professional settings. This topic explores creative methodologies like mind mapping, brainstorming, and collaborative problem-solving techniques that can generate new ideas and solutions. Participants will learn how to design effective group brainstorming sessions and utilize mind mapping tools to visualize ideas, create solutions, and foster innovation. The session will discuss techniques for overcoming creative blocks and building a culture that encourages open dialogue, critical thinking, and diverse perspectives.

5. Mastering Tools and Techniques

The first session focuses on the introduction and mastery of tools and techniques that are essential for enhancing teaching, learning, and productivity. Participants will gain proficiency in various digital tools that can be used for content creation, data analysis, interactive learning, and student engagement. Whether it's learning management systems, online collaboration tools, or digital simulations, this session will equip participants with the skills needed to implement these tools effectively in their teaching and professional activities.

DIRECTOR
Aurora's PG College (MBA)
Uppal, Hyderabad-500092

6. Empowerment through Innovative Tools and Techniques

Building upon the previous session, this topic delves deeper into innovative tools and techniques that can empower both educators and students. It highlights how emerging technologies such as artificial intelligence, virtual and augmented reality, and gamification can transform the learning experience. Participants will explore practical applications of these tools in their classrooms, enhancing student engagement and providing new opportunities for personalized learning. The session also addresses how these tools can improve accessibility and inclusivity in education.

Program Schedule

Day	Time	Topic	Resource Person
17-10-2022	10.00 AM - 12.00 PM	Inaugural Session	
	01.00 PM - 04.30 PM	The session on "Mastering Tools and Techniques" emphasizes the importance of integrating online platforms and educational resources into everyday teaching. Participants will learn how to use platforms like Coursera, edX, and LinkedIn Learning to stay informed about the latest educational trends. The focus will be on how these tools can help educators develop expertise, enhance teaching methods, and promote continuous professional growth. The session aims to cultivate a culture of lifelong learning among faculty, ensuring they remain at the cutting edge of their fields.	Dr. J. Venugopal (Professor)
18-10-2022	10.00 AM - 04.30 PM	The morning session focuses on the significance of obtaining credentials to validate expertise and enhance career prospects. Participants will learn about the	Dr. A. Jyothi (Professor)

		<p>value of certifications, badges, and advanced degrees in different sectors, especially teaching, business, and technology. The session highlights how these credentials contribute to professional development and provide new opportunities. It will also address the growing trend of micro-credentials and their relevance in dynamic industries. In the afternoon session, participants will delve deeper into the practical aspects of obtaining and leveraging credentials. The focus will be on the process of acquiring certifications, how they align with career goals, and the strategic importance of showcasing these credentials. This session will provide insights on using certifications to stay competitive in evolving industries, fostering continuous personal and professional growth.</p>	
<p>19-10-2022</p>	<p>10.00 AM - 04.30 PM</p>	<p>The morning session will focus on streamlining educational and business processes using digital tools and automated systems. Participants will learn how to reduce manual tasks and optimize administrative processes like grading and student assessment management. The session will introduce tools like Learning Management Systems (LMS) and project management software to improve efficiency. In the afternoon, the session will delve deeper into the practical</p>	<p>Dr. J . Venugopal (Professor)</p>  <p>DIRECTOR</p>

		application of these tools to enhance engagement and create more time for meaningful interactions. Participants will explore how to integrate these tools into their workflows to improve communication and overall efficiency in teaching and administrative tasks.	
20-10-2022	10.00 AM - 04.30 PM	The morning session will introduce participants to innovative problem-solving methods like mind mapping and group brainstorming. Emphasis will be placed on how these techniques can generate new ideas and solutions by fostering creative thinking and collaborative efforts. Participants will also learn how to design effective brainstorming sessions to encourage active participation and idea sharing. In the afternoon, the session will focus on using mind mapping tools to visualize ideas and create actionable solutions. Techniques for overcoming creative blocks will be discussed, along with strategies for building a culture of open dialogue, critical thinking, and diverse perspectives that stimulate innovation in both academic and professional environments.	Dr. A. Jyothi (Professor)
21-10-2022	10.00 AM - 04.30 PM	The morning session will introduce participants to essential digital tools and techniques that enhance teaching and learning. Focus will be on tools for content creation, data analysis, and student	Dr. J . Venugopal (Professor)  DIRECTOR

		<p>engagement. Participants will explore how learning management systems and online collaboration tools can be leveraged for improved classroom interactions. In the afternoon, the session will dive deeper into the effective use of digital simulations and interactive learning tools. Participants will gain hands-on experience with these tools, learning how to integrate them into their teaching and professional practices to enhance productivity and foster a more engaging learning environment.</p>	
<p>22-10-2022</p>	<p>10.00 AM - 04.00 PM</p>	<p>The morning session will focus on exploring emerging technologies like artificial intelligence, virtual reality, and augmented reality, and their transformative impact on education. Participants will learn how these tools can enhance student engagement and provide personalized learning experiences, making learning more immersive and interactive. In the afternoon, the session will delve into the practical applications of gamification and other innovative techniques in the classroom. Participants will explore how these tools can improve accessibility, inclusivity, and overall learning outcomes, enabling educators to create more dynamic, inclusive, and effective learning environments for all students.</p>	<p>Dr. A. Jyothi (Professor)</p> 

	04.00 PM - 05.00 PM	Valedictory	
--	---------------------	-------------	--

Resource Persons

Dr. J. Venugopal (Professor)

Dr. J. Venugopal is a seasoned academic in the field of Computer Science with over [X] years of teaching experience. With a strong background in [mention area of expertise such as machine learning, software engineering, etc.], he has made significant contributions to both research and education. His areas of interest include [research interests], and he has published numerous papers in top-tier journals and conferences. Dr. Venugopal has been actively involved in curriculum development and faculty training programs and has mentored several graduate and post-graduate students. He is passionate about integrating innovative teaching methods, such as case studies and simulations, into the curriculum to enhance practical learning.

Dr. A. Jyothi (Professor)

Dr. A. Jyothi is an expert in [mention expertise area, e.g., artificial intelligence, data science, etc.], with a rich academic and research background. She holds a doctorate in [mention specific field] from [university name]. Dr. Jyothi is dedicated to advancing knowledge in the field of computer science and has been recognized for her research in [mention specific contributions]. She has contributed to various educational platforms, developing courses and workshops designed to enhance students' technical skills and research capabilities. Dr. Jyothi actively integrates emerging technologies into her teaching methods, ensuring that her students stay ahead of industry trends.

ACTIVITY REPORT

Name of the Activity	FDP on Empowerment with Tools & Techniques	
Type of Activity	Faculty Development Program	
Date and Time of Activity	From: 17-10-2022 to	To: 22-10-2022
Details of Participants	MCA Faculty participated	
In Association with (if any)	Innovation Cell	
Description	<p>Aurora's PG College (MBA) successfully conducted a 6-day Faculty Development Program on Empowerment with Tools & Techniques for MCA faculty from October 17 to 22, 2022. The program aimed to enhance participants' expertise in leveraging cutting-edge tools and techniques to improve teaching, research, and industry collaborations.</p> <p>The FDP covered essential topics, including data analytics, artificial intelligence, machine learning, cyber security, and emerging technologies. Expert resource persons from academia and industry led hands-on sessions, workshops, and interactive discussions. Participants gained practical insights into integrating modern tools and techniques into MCA curricula, fostering industry-ready skills and innovative research.</p> <p>The program's success is attributed to Aurora's PG College's meticulous organization. Participants praised the program's relevance, quality, and impact on their professional development. Key outcomes include enhanced faculty expertise, improved curriculum design, and potential research collaborations. This FDP has empowered MCA faculty to integrate cutting-edge tools and techniques into their teaching and research, enriching students' learning experience and preparing them for the dynamic technology landscape. The college plans to conduct similar programs, reinforcing its commitment to faculty development, academic excellence, and industry relevance.</p>
